10/2023 – 12/2023: ONLINE BANKING SYSTEM

CLIENTS: SBI, INDIAN, AXIS, HDFC, ICICI,IOB

- This project is an online banking system that integrates different interactions between the bank and customers.

- The system will involve the management of 4 key tables: Customers, Transactions, Loans, and Fixed Deposits.

- Customer's tables hold personal details info, transaction table tracks activities, loans table lists loan options and fixed deposits table manages savings details.

These tables will form the core of the banking system's data management, allowing the bank to effectively manage customer accounts, transactions, and financial products.
